An amazing place!

Queenstown is a small town near Lake Wakatipu. Behind us are the Remarkable Mountains. In the town, there are hotels, cafés, and stores, and there are parks next to the lake where people play games or walk. People come from all over the world at different times of the year. There is an airport about 20 km away, so the town is easy to travel to. A lot of the people in the town are young, and there is a great atmosphere.

There are many tourists here who come to do exciting sports like skiing, parachuting, or bungee jumping. Other people prefer to visit historical sites, like the old mining villages or the places they made *Lord of the Rings*. Across from our hotel, you can take a trip on the lake or waterski behind a fast boat. From our balcony, you can see many colors. There are the white mountains, the blue lake, and the green trees.
