Reading 1

Table completion

- 1 Work in pairs. You are going to read a passage about cities around the world. Before you read, decide if these are good or bad aspects of cities. Write G (good) or B (bad).

- | | |
|-------------------------|-------------------------------------|
| 1 friendly inhabitants | <input checked="" type="checkbox"/> |
| 2 fast public transport | <input type="checkbox"/> |
| 3 crowded streets | <input type="checkbox"/> |
| 4 a high crime rate | <input type="checkbox"/> |
| 5 people in a hurry | <input type="checkbox"/> |
| 6 a relaxed lifestyle | <input type="checkbox"/> |

- 2 Work in pairs. Write two more aspects of cities which are good and two more which are bad.

- 3 Read the passage on page 9 quickly.

- Which four cities are mentioned?
- Which is the friendliest?

The world's friendliest city

A team of social psychologists from California has spent six years studying the reactions of people in cities around the world to different situations. The results show that cities where people *have less* money generally have friendlier *populations*. Rio de Janeiro in Brazil, which is often *known for* its crime, comes out top, and the capital of Malawi, Lilongwe, comes third.

But what makes one city friendlier than another? The psychologists from California State University say it has got more to do with environment than culture or nationality.

They carried out a study into the way locals treated strangers in 23 cities around the world. The team conducted their research through a series of tests, where they dropped pens or pretended they were blind and needed help crossing the street.

The study concludes that people are more helpful in cities with a more relaxed *way of life* such as Rio. While they were there, researchers received help in 93 percent of cases, and the percentage in Lilongwe was only a little lower. However, richer cities such as Amsterdam and New York are considered the least friendly. Inhabitants of Amsterdam helped the researchers in 53 percent of cases and in New York just 44 percent. The psychologists found that, in these cities, people tend to *be short of* time, so they hurry and often *ignore* strangers.

- 4 Read the passage quickly again. Which of the good and bad aspects in Exercise 1 are mentioned?
- 5 Match the words and phrases in *italics* in this table with the words and phrases in *italics* in the passage.

city	positive aspects	negative aspects	% of help received
Rio de Janeiro	<ul style="list-style-type: none"> friendly <i>inhabitants</i> more 1 <i>lifestyle</i> 	<ul style="list-style-type: none"> People <i>don't have so much</i> 2 <i>Has reputation for</i> 3 	93%
Amsterdam and New York	<ul style="list-style-type: none"> richer 	People ... <ul style="list-style-type: none"> <i>have little</i> 4 <i>don't pay attention to</i> 5 	Amsterdam: 53% New York: 44%

Reading 2

Note completion

1 Work in small groups. You are going to read a passage about Costa Rica. Before you read, look at the photos of Costa Rica on the right. What do they tell you about the country?

2 Read the passage below quickly. Who are:

1 Mariano Rojas?

2 Saamah Abdallah?

The happiest country in the world

Children growing up in Costa Rica are surrounded by some of the most beautiful and diverse landscapes in the world. Preserving tropical rainforests isn't Costa Rica's only success, because the government also makes sure everyone has access to health-care and education. So when the New Economics Foundation released its second Happy Planet Index, Costa Rica came out number one. The index is a ranking of countries based on their impact on the environment and the health and happiness of their citizens.

According to Mariano Rojas, a Costa Rican economics professor, Costa Rica is a mid-income country where citizens have plenty of time for themselves and for their relationships with others. 'A mid-income level allows most citizens to satisfy their basic needs. The government makes sure that all Costa Ricans have access to education, health and nutrition services.' Costa Ricans, he believes, are not interested in status or spending money to show how successful they are.

Created in 2008, the Happy Planet Index examines happiness on a national level and ranks 143 countries according to three measurements: their citizens' happiness, how long they live (which reflects their health), and how much of the planet's resources each country consumes. According to researcher Saamah Abdallah, the Index also measures the outcomes that are most important, and those are happy, healthy lives for everyone.

adapted from *Yes! Magazine*

3 Look at the notes below.

- 1 What are the notes about? Find which sentences in the passage deal with this.
- 2 Find words in the passage which mean the same as the words in *italics*.

The Happy Planet Index

Year started: 1

Number of countries it lists: 2

Measures each country's happiness according to:

- its effect on the 3 (i.e. the quantity of the Earth's 4 that it uses);
- the 5 of the population (i.e. how long people live);
- how happy its 6 are.

4 Now complete the notes. Choose ONE WORD OR A NUMBER from the passage for each gap.

Exam advice

Note completion

- Read the title of the notes first and find the right place(s) in the passage.
- Carefully read the parts of the passage which deal with the key ideas in the questions – the answers may not come in passage order.

5 Work in small groups.

- 1 Which of these things do you think are important in making people happy, and which are not so important? Why?
 - being healthy
 - earning a lot of money
 - having a good education
 - having good relationships
 - living in a beautiful place
- 2 What other things are important?

I live by a 1 *busy* road.

I come from a 3 village.

by in near on

- 1 a river 5 the mountains
2 the city centre 6 the outskirts

We normally stress the main information in a sentence. When we answer a question, we usually stress the words which give the answer, or give new information.

1 **Underline** the words you think Hanan and Kwan should stress in their answers.

Examiner: Can you tell me what you do, Hanan?
Do you work, or are you a student?

Hanan: Yes, I'm a student. I'm studying medicine because I want to be a doctor.

Examiner: And where do you come from?

Hanan: I come from Muttrah in Oman.

Examiner: Can you tell me what you do, Kwan?
Do you work, or are you a student?

Kwan: I'm a student. I'm studying economics at Chonju University at the moment.

Examiner: And where do you come from, Kwan?

Kwan: I come from a small village near Chonju in Korea.

2 ⁰⁶ Listen to check your answers.

3 Work in pairs. Take turns to read the parts of the Examiner, Hanan and Kwan in Exercise 1.

5 Work in pairs. Take turns to ask and answer the questions.
