

### ABOUT YOU

Answer the questions and talk about your ideas.

- 1 Is there a bridge where you live or near where you live?
- 2 Describe the bridge. (Is it old/new, big/small, etc?)
- 3 What are rivers used for?
- 4 Is there a river where you live or near where you live?

This poem is by Hilda Conkling, an American writer. She wrote all her poems before she was fourteen!

- 1 Read the poem. As you read, think about this question.  
Who uses the old bridge?

### 'The Old Bridge' from *Poems by a Little Girl* (1920)

Hilda Conkling

The old bridge has an old face.

He **bends** his back

For us to go over.

He **moans** and cries

- 5 But we do not hear.

**Sorrow** shows in his face

For the heavy **weight** and worry

Of people **passing**.

The leaves of trees fall onto the water;

- 10 The sky **nods** to him.

The leaves **float** down like small ships

On the blue **surface**

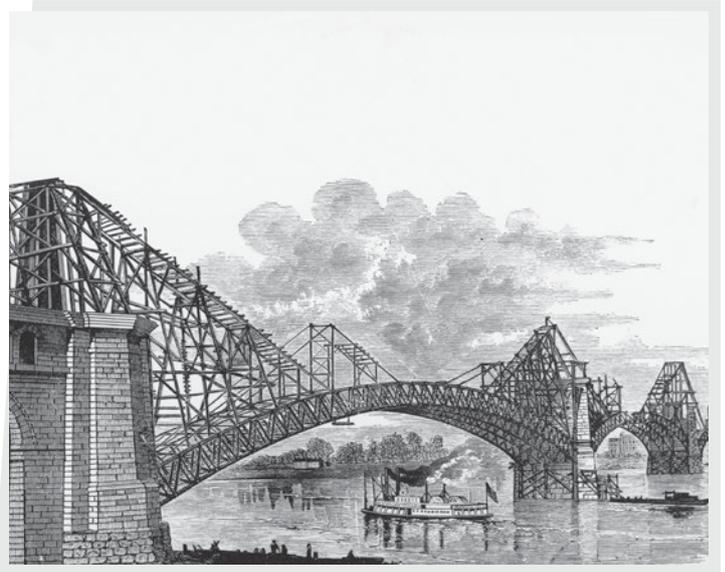

Which is the sky.

He is not always sad:

- 15 He smiles to see the ships go down

And the little children

Playing on the river.
