Grammar & Vocabulary with Answer Key

Malcolm Mann Steve Taylore-Knowles

Suitable for the updated CAE exam

Overview

Destination C1 & C2: Grammar and Vocabulary has been designed for advanced students at C1 and C2 levels on the Council of Europe's Common European Framework scale. This book provides presentation and practice of all the key grammar, vocabulary and lexico-grammatical areas required for all main C1 and C2 exams, eg Cambridge CAE and Cambridge CPE. There are 26 units in the book: 13 grammar units and 13 vocabulary units.

Grammar

Each grammar unit begins with a clear two-page presentation of grammar rules and examples in table form. Important points are highlighted in *Watch out!* boxes.

The grammar practice exercises follow the order of the grammar presentation, and are graded in difficulty through the unit. A wide variety of exercise types are used, including those found in major C1 and C2 level exams.

In each grammar unit, the topic vocabulary focus of the following unit is used as a context for presentation and text-based exercises.

Vocabulary

The vocabulary units are topic-based, covering topics appropriate to the level. Each vocabulary unit begins with two pages of clear presentation tables comprising six sections: two topic vocabulary sections; phrasal verbs; phrases, patterns and collocations; idioms; word formation. The vocabulary exercises are organised according to these sections, and provide systematic practice of the vocabulary presented. Exercise types found in major C1 and C2 level exams are included. The grammar focus of the preceding unit is consolidated within these exercises.

Revision and consolidation

Strong emphasis is placed on revision and consolidation. The book includes:

- thirteen reviews (after every two units)
- two progress tests (after units 12 and 26)
- six photocopiable revision tests (after every four units)

Additional material

Additional reference material is provided at the back of the book. This includes:

- a topic vocabulary database with definitions and example sentences
- a phrasal verbs database with definitions and example sentences
- a phrases, patterns and collocations database
- an idioms database with definitions and example sentences
- a word formation database

Letter to the editor

The Prime Minister's comments yesterday on education spending miss the point, as the secondary education system also brightest and most (2) students are not encouraged to develop to their full potential. Secondly, there's too much testing and not enough learning. My fifteen-year-old daughter, for example, has just spent the last month or so (3) for exams. These aren't even real, important exams, as her GCSEs will be next year. They're just (4) exams. Is the work she's been doing really going to make her more (5) about her subjects, or will she forget it all tomorrow? I suspect the latter.

work-related, living and social skills, or in skills necessary for higher education. How many students entering university someone else's ideas? Shouldn't they have been taught this at school? How many of them are really able to go about efficient way? Indeed, how many students (10) from university totally unable to spell even simple English words correctly? The system is letting our children down.
